

FIRST ANNOUNCEMENT

*Russian Academy of Sciences
Vernadsky Institute of Geochemistry and Analytical
Chemistry
AND
Assiut University,
Faculty of Science,
Department of Geology
AND
International non-commercial organization
Critical metals*

Organize

**International Conference
Magmatism of the Earth and
Related Strategic Metal Deposits**
Hurghada, Red Sea ,Egypt
8 – 15 October 2016

Dear Colleague,
It is our pleasure to invite you to take part in the

*International Conference
Magmatism of the Earth and Related Strategic Metal
Deposits*

that will take place between the dates **8 -15 October, 2016** in Hurghada – Red Sea, Egypt, organized by **Department of Geology, Assiut University** in collaboration with the **Vernadsky Institute of Geochemistry and Analytical Chemistry, Russian Academy of Sciences and International non-commercial organization Critical metals**

The conference aims at providing a platform for researchers and practitioners to exchange emerging ideas and to investigate key issues such as:

- *Genesis of Alkaline Magmatism.*
- *Geochemistry, petrology of alkaline-carbonatitic series*
- *Technology and technological mineralogy of rare metals*
- *Exploration and Exploitation of strategic metal deposits*
- *Mineralogy of alkaline rocks and carbonatites*

First circular where explicit details about the conference topics, abstract submission and key dates will be soon available at the website:
<http://alkaline.web.ru/2016>

Participants are kindly requested to visit the website for all additional and updated information.

Aiming to address to all the research groups around the world to participate in this international organization, we cordially invite you to attend the *International Conference on Magmatism of the Earth and Related Strategic Metal Deposits*
Looking forward to seeing you in beautiful Hurghada in October 2016

Preliminary registration Before first of January 2016:

Registration fees:

Non Egyptian Participants : \$ 450
Accompanying person : \$ 400
Non Egyptian Students : \$ 300

The registration fee includes; welcome “Icebreaker” reception,, access to scientific sessions and exhibit hall, book of abstracts, coffee breaks
For full board accommodation add \$ 500
Field excursion fees: \$ 30
Luxor excursion fees: \$ 100
Visit Pharaonic archeological sites and temples and return to Hurghada.
Minimum number of participants: 20

Preliminary conference programme
(8 – 15 October 2016):

Date

7 Oct. Arrival to Hurghada City
8, 9, 10 Oct. Opening &
Scientific sessions
11-12 Oct. Field excursions (optional)
13, 14 Oct. Archeologic trip to Luxor
(Optional)
15 Oct. Departure from Hurghada
Airport

***Geologic field excursion covers:**

- The coastal Red Sea area (Hurghada- Quseir) and visit to a Phosphate Mine.
- Precambrian crystalline Igneous and Metamorphic rocks include the complete sequence of Egyptian Precambrian rocks from oldest one till the last new rock unite (usually represents by alkaline granites) and a visit to Fawakhir Gold Mine
- El Erediya area: Uranium mineralization in the jasperoid veins in El Eradiya alkaline granite

Please, fill registration form online:
